

David Powell

Managing Director, International

David Powell, 53, is the Managing Director responsible for Telkonet's international business, initially focusing on the European market. Prior to this, Mr. Powell served as the Chief Operating Officer. Before joining Telkonet in 2003, Mr. Powell served as the senior vice president of the Network Enhancing Technologies Solutions division of Tellabs from 1999 to 2003, developing leading-edge voice-enhancement and echo cancellation solutions for telecommunications networks worldwide. From 1990 to 1998, Mr. Powell served in various management positions at Coherent Communications Systems Corporation before it was acquired by Tellabs in 1998, including president and chief operating officer, and vice president and managing director of Coherent's European subsidiary, Coherent Communications Systems Limited. Prior to Coherent, Mr. Powell spent seven years at England-based Tech Nel Data Products Ltd as general sales manager.
