

From the campaign of...  
Judge JIM GRAY  
for U.S. Senate

=====  
JUDGE JIM GRAY-a-GRAM #8  
=====

Mark Twain once said that Congress is good at two things: doing nothing, and overreacting. From his observations as a trial court judge in Orange County for more than 20 years, Judge Gray has concluded that our Three Strikes laws were an overreaction.

Today California has three times more people in prison on a third strike for marijuana violations than for robbery, rape and murder combined. This unnecessarily ruins people's lives, often puts their families on welfare, and is ridiculously expensive for the taxpayer. Our opponent Bill Jones wrote the original Three Strikes Laws with the collaboration of Joe Klaas, and Jones adamantly opposes any modifications. But now Joe Klaas realizes that these laws were poorly drafted to include non-violent offenders as well, and their prison terms are hugely disproportionate to their offenses or their level of threat to society. As a result, today we are keeping geriatrics in prison who are no threat to us, but whose medical expenses can cost us \$100,000 per person per year.

Please join with Judge Jim Gray, Joe Klaas and the hundreds of thousands of Californians who signed a petition to bring common sense and fiscal responsibility modifications to the Three Strikes laws that will both exclude non-violent offenders, and extend the Three Strikes provisions to those felons who sexually abuse our children. In this area and in others, Judge Jim Gray is using his long experience in the Criminal Justice System to make us safer and more secure, and also save lots of tax money.
